Volume 21, Number 6 The Scottish Terrier Club of Chicago, Inc. July, 2019

PRESIDENT'S MESSAGE

The Scottish Terrier Club of Chicago has experienced much change in the past three years. We have refocused our efforts on being a Breed Club. We are preparing for hosting the 2021 STCA Rotating Specialty. And, we are seeking out new members, to expand our efforts to “preserve and protect the Scottish Terrier.”

Some of our newer members of STCC have gained a better understanding of what a Breed Club was designed for. Our heartiest congratulations to Michele and Tom Bronsky (and of course their girl, Katie) on their first litter of baby Scotties; 6 handsome lads and 1 beautiful lass. They were methodical and deliberate with the process. They have a relationship with a reputable breeder, Kari Endvick, who helped them every step of the way and was there to help deliver them. They have read, asked questions, and sought advice from many long time breeders; Cindy Cooke, Nancy Hurren, Christine O'Brien, Marcia Dawson, and Pam Straus to name a few. These puppies were delivered naturally (free whelped), but they had a back up plan with their vet in case they needed one. This was a well planned pregnancy that had a fantastic outcome. Michele and Tom saw the diminishing numbers of Scotties in the world and decided to personally do something about it. Whatever their reasoning, I guarantee they are in love with those babies.

In addition to Michele and Tom, three other new members are taking conformation classes to learn to show, and another is in the beginning stages of investigating what it takes to breed a Scottie to show. If you are a Breeder, please make yourself available to people starting out who want to build a better Scottish Terrier. We are truly an evolving Scottish Terrier Breed Club. Mentoring is a large part of what we do. If you are a Breeder and are interested in mentoring some of our members, please contact me.

Our annual luncheon in August is a time when we congratulate those members and their Scots who have achieved titles for their hard work. We also introduce the new officers and Board members for the coming year. This year, we have the privilege of hearing Cindy Cooke speak about a program called the Scottie Information Exchange. This outreach program has the potential to change both the numbers and quality of Scottish Terriers that are bred. Please make your reservations for this important event of our Club.

This is by no means a member's only event. Any visitors and potential new members are welcome to attend. There will be good food, great fellowship and an amazing educational experience. What a perfect combination.

See you in August!

*Thank you,
Kathy Hufnagle,
President, STCC*

Don't think that we're far apart
For every time you think of me

CHIVAS (Regal)

September 21, 2006 to May 16, 2019

Chivas received his well deserved angel wings on May 16, 2019. He was my beloved companion for over ten years. I am so grateful to STCC Scottie Rescue for this treasured boy who joined his best buddy, Stuart, also STCC Rescue, who passed in October 2017.

Chivas was an affectionate loving soul who loved hugs, good walks while meeting his neighborhood dog and people friends, and was always on the lookout for treats. He has left that terrible void that we all feel when we lose a beloved friend, but I will hold so many wonderful memories of our time together in my heart.

STCC WELCOMES A NEW LITTER !!

Talisman Lady Kate of Baileys Harbor,
aka "Katie"

KATIE AND GREYSON WELCOME PUPPIES!

Talisman I am the Storm of Christimoor,
aka "Greyson"

Katie. Puppies.
True love. Beauty.
Motherhood.

12 y/o Izzy Endvick
Loved and helped
with the new pups.

In January 2017 when I brought home a 6-month old wheaten girl from Kari Endvick of Talisman Scottish Terriers little did I know how my world would change. Based on my veterinarian recommendation I almost made the mistake of having her spayed at 6 months. Kari's mentoring wasted no time in helping me to understand, cancel that appointment & forever changed my perspective of early sterilization. Interestingly at the time the thought of breeding never entered my mind. What followed has been the development of a friendship with a strong reputable breeder 4 hours away and for whom either of us would drop what we're doing if needed.

Although I know the bulk of the raising puppies work is around the corner, I so wish I would have said yes to this possibility more than a decade ago when I didn't have to worry about getting up from the floor! As a result of some national committee work, learning about the decline in the numbers of registered Scottish Terriers---- here I sit with a whopping seven puppies free whelped by Talisman Lady Kate of Baileys Harbor (aka Katie), our wheaten Scottie. I will be forever grateful to Kari for her mentoring and lending me a Scottish Terrier Katie Midwifery Team to ensure a successful whelping on her exact due date of July 8th. My midwifery team consisted of Kari's two awesome daughters, Lauren and Izzy. Both of whom are confident, strong spirited young women with being present at the birth of multiple litters; and both have competed as conformation exhibitors alongside of exhibitors and professional handlers with an aggregate experience of close to 200 years in the ring. Although I had switched veterinarians to ensure I had a back up emergency birth plan----Katie directed the team with delicate precision!

I have learned so much in the past 8-10 weeks due to a whole network of Scottish Terrier colleagues across the country. For all its negative nuances Facebook has opened the door for ongoing public and private discussions which in this case have been free of judgment and with a focus of mentoring. I chose to establish a group to share in the post-partum experience among a small group of friends on Facebook---creating a network of Katie "Aunties". My hope is that this will open the door for other companion owners like myself to consider the possibility of *contributing to the preservation of the Scottish Terrier breed.*

THE NEXT GENERATION - The Scottish Terriers' Future

Editor: I was able to be a part of the message string Michele spoke of in her article. At several points along the way, Lauren Endvick joined in the conversation. Some of the things she shared, I thought, would be very apropos to share here. Our next generation. Those who will carry on this breed.

Marilyn Flanagan

Lauren, tell me about your Junior Handler experience?

"I actually did not start out as a junior handler, I began dog showing at age 8 and it was always against big time handlers, or our close group of Scottish Terrier friends who are older than me. At one point I decided to try out junior handling, but felt more comfortable doing what I've always done, and continued showing against the more seasoned group of people."

Lauren, you have voiced your choice of college/career. Can you elaborate for us?

"As far as my choice to study veterinary medicine; it wasn't always clear cut. Throughout most of my senior year of high school, I had no idea what I wanted to go to college for. Taking a look at my interests and skills I discovered that 1) I love animals, 2) I'm not afraid to put in hard work, and 3) I enjoyed learning about biology and basically any science class that was offered to me. From these three pieces of information, I began to look at the majors and programs that colleges offered, but still wasn't quite sure what I wanted to study.

Around this time, we were about to have a litter of puppies, and my mom said something to me that really made my choice clear. "You are always calm and collected when dealing with these types of situations." It was at this point that I decided to study veterinary medicine, and ever since then there has been no doubt in my mind that this is what I want to do for a career.

All the experiences of my life so far have set me up to potentially become a great veterinarian; living and working on a farm, having a grooming and boarding business in my back yard, and managing to have straight A's and work two jobs throughout high school. I am ready for the hard work and dedication that my future holds, and I believe that becoming a veterinarian is what I am supposed to do in life.

Maybe, eventually, becoming a Scottish Terrier specialist in the future to continue to have such a great breed of dog. "

STCC Secretary*

THE CLAN CONNECTION: STCA BAGPIPER 2019, #3

This spring, the rains have been relentless and record breaking in the Chicago area. Our Scotties have not been amused as they have tried to dodge storms and puddles to get outside to do not much of anything except the basics. But those rains subsided long enough for the Scottish Terrier Club of Chicago's annual specialty and picnic held at the Lake County Fairgrounds in Grayslake, Illinois on June 16.

Our Sweepstakes Judge Lisa Hills, drew an entry of 12 puppies (4 dogs and 8 bitches), and the Best in Sweepstakes was Anstamm Titan Takes By Storm, and the Best of Opposite Sex was Princescot Pardon Me Boys. There was a nice entry of 30 Scotties at the Specialty, 9-13 (2-4) -2, for judge Betty Anne Stenmark to go over. Her winners for the day were: Best of Breed, GCHG Whiskybae Haslemere Habanera; Best of Winners and Best of Opposite Sex, Anstamm Titan Takes By Storm; Winners Bitch, Talisman Second Sight; Select Dog; GCH Beltaine Woburn 1 Rockin Family Jewel; Select Bitch, GCH Riverroad Busy Being Fabulous; and an Award of Merit, GCH Riverroad Western Skye At Sodak. It was a great day for the Scotties as GCHG Whiskybae Haslemere Habanera (Carmen) went on to take Best in Show at the Great Lakes All Terrier Association event. Congratulations to all the winners and thank you to all who traveled near and far to our show.

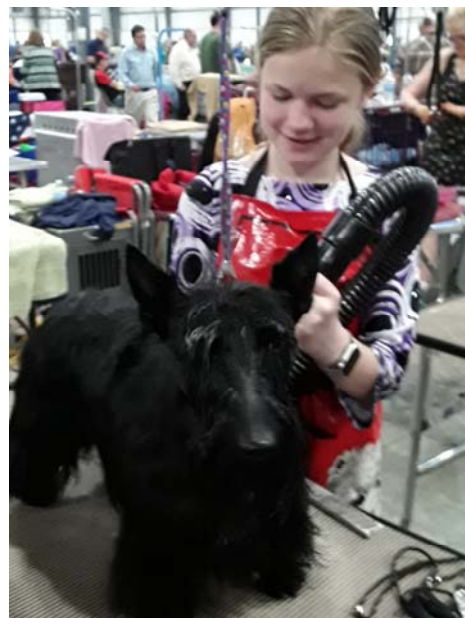

After the show, the exhibitors, club members, and friends gathered in the RV campground for the annual picnic lunch to celebrate another successful specialty and to renew old friendships and establish new ones. This year, the STCC decided to formalize the Saturday evening dinner and held an event that had been discussed for years. A nice crowd gathered at Saluto's, a local Italian restaurant, to continue the discussions of dogs, shows, and to enjoy each other's camaraderie.

Our upcoming Annual Luncheon and Meeting will be held in August 18, 2019 where a slate of officers and board members will be elected, members recognized for their achievements and awards over the past 12 months, and a guest speaker will provide a presentation. For more information, please contact our website <https://stccchicago.org>.

Enjoy your summer!

CONFORMATION SHOWS: Part 4 (and counting....)**CHALLENGE TROPHIES***By: Marilyn Flanagan, Show Chair*

At this years Specialty show, while we were setting up the trophy table, a question was asked of me by one of our newer members. And, now, being show chair for a couple years, and learning more each day - I knew the answer!! The question came while we were setting out our plaques - what were they for? So, for everyone's benefit - here are the official rules for "Challenge Trophies." However, in layman's terms - these are challenges for an owner/breeder to win the same title three times. At the third win the trophy is kept and the plaque goes with that shows everyone who tried, but didn't get to that third win that they did!

From the AKC 'Rules Applying to Dog Shows', Chapter 5 'Ribbons, Prizes and Trophies', Section 9:

At Specialty shows, prizes may be offered on a three-time win basis, provided permanent possession goes to the owner and/or breeder winning the award three times, not necessarily with the same dog, and further provided such prizes are offered by the specialty club itself, or through it, for competition at its specialty shows only.

STCC currently has four Challenge trophies in play. They are for Best of Opposite Sex to Best Of Breed, Winners Dog, Winners Bitch, and Bred By Exhibitor Dog Class.

The Winners Dog challenge is a signed and framed etching titled "Big Foot" (left), and the The Winners Bitch challenge is a signed and framed etching titled "Bucket Wish" (below center).

These artwork pieces are by Marion Needham Krupp and are offered by Richard C. Bumstead of Glen Cark Scottish Terriers.

These challenges both began in 2018.

The Best of Opposite Sex to Best of Breed challenge, "The Burscot Memorial Trophy" is a silver plate (right). It is offered by the Friends of Iris Burke through the Scottish Terrier Club of Chicago, in memory of Iris Burke. The plaque lists the first winner in 2009. Woburn, McVan, and Charthill have all won twice.

The Bred By Exhibitor Dog challenge, "The Lochnel Memorial Trophy" is a Stained Glass Art piece (right). It is offered by the Scottish Terrier Club of Chicago, in memory of Charlene Hallenbeck. The plaque lists the first winner in 2007, and Anstamm has won twice (in 2010 and 2012)

STCC MEETING NOTES: June 15, 2019

*(These notes are provided as an overview of the business conducted during both the board and general meetings.
 Please read the official minutes for full details. The Editors.)*

Club Meeting
 (12:15pm to 12:22pm)

President: Kathy Hufnagle asked for the approval of the meeting minutes of April 24, 2019. A motion was made and seconded to approve the minutes as submitted. Kathy Hufnagle welcomed members, guests, and exhibitors to the 2019 Annual Specialty. She reported that the only business for today was voting in two new members, Steve Johnson and Ben Meyers who were absent.

Fundraising: Barbara Wicks reported that \$55 was raised for the raffle and the 50/50 was \$100. Mindy Smouse won \$50. She generously donated her winnings back to the Club.

Board Meeting
 (12:25pm to 12:30pm)

President: Kathy Hufnagle announced that all items of business will be tabled until the August meeting due to the Specialty luncheon festivities.

The next meeting is the annual luncheon at Westwood Tavern on August 18, 2019.

The Scottish Terrier Club of Chicago

The Scottish Terrier Club of Chicago was founded in 1930 by T.E. Weible and Mrs. M.F. Hills. On September 17, 1979, we were formally incorporated as a Not For Profit in the State of Illinois.

Our club is the 2nd oldest Scottish Terrier club in the nation. (California being the oldest club.) It is interesting to note that in 1959 there were still only eleven regional clubs. However, today, STCC is proud to be one of twenty Scottish Terrier regional clubs recognized by the Scottish Terrier Club of America.

STCC held its first Specialty show in November, 1930. Today, our Specialty shows are held annually the third Saturday of June at the Lake County Fairgrounds in Grayslake, IL.

Across the years our club has changed leadership and direction, as has every regional club. The allure of the Scottish Terrier has decreased, and nationally there is a strong conversation as to how to rebuild the breed, and our clubs. At our height we had 80 members. Although our membership declined, our current initiative is to expand our clubs footprint, and we are reaching out full force to add new members and, thus new energy and ideas. Today we boast 57 members and counting.

Most of our tenured members have served this club in a leadership capacity - at least once. And, there is a strong knowledge base across our club, focused on our mission. Breeders, exhibitors, and those with companion Scotties have come together with determination to improve the lives and futures of our Scotties.

In recent years, successes have been made for our breed. A test is available for Cushings Syndrome through Dr. Zimmerman and UTenn. Studies at Purdue University have increased our knowledge of bladder cancer. A home collection kit, made possible by Dr. Breen, allows owners to send in urine samples for diagnosis.

If this is the first (or 100th) time reading *The Plaid Piper*, you may have a strong, personal interest in our breed you would like to share. If not already, please consider joining as a member of STCC. Thank you.
