*June 2021*

## **PRESIDENT'S MESSAGE**

Pat Yourself on the back! We did it! The Scottish Terrier Club of Chicago successfully hosted the STCA National Rotating Specialty in addition to our own STCC annual Specialty. It was not without its challenges. An outdoor event in hot humid weather is always challenging. Fortunately, indoor grooming was made available the last week of the Cluster. Many pop-up canopies met their demise during the bad storm Friday night and are now located in the canopy graveyard at the Fairgrounds. But Scottie people prevailed! They shared their grooming space and their canopies, helped their fellow exhibitors, and the show went on. Those who attended the Specialties were able to see some of the most spectacular representatives of Scottish Terriers that our breed has to offer. It was fun to personally see Scotties that you have only seen pictures of in the Bag-piper and Facebook and meet their owners, breeders and handlers. It was gratifying to see so many members of STCC attend the Specialties and pitch in to help. We received many compliments from exhibitors and spectators about our Specialties and the representation from our membership at the events surrounding them. We have all learned so much from this experience. In spite of all the hard work and obstacles we faced, we had fun and would do it all again. If we can host a National Rotating Specialty at the end of a pandemic, we can do anything!

*Kathy Hufnagle, President STCC*

Message of apology from the publisher of the Plaid Piper, Bob Grant

Dear STCC Club members:

I apologize for providing this issue of the Plaid Piper late. This was supposed to be the June issue. With the National Rotating Specialty scheduled for June 15—20, I decided to wait in order to get all the show highlights into this issue. It just took a lot longer than I expected to get everything together. I hope the wait was worth it, and you enjoy this issue.

Best regards,

Bob Grant

### Sweepstakes Judge's Comments

The following comments are from the judge Janet Parcel

Thank you for the opportunity to judge your Sweepstakes. I really enjoyed the puppies. I have a great appreciation for breeders and exhibitors of terriers.

In general, the coats were good. Loved seeing proper double coats in good condition. Grooming was good and the dogs were presented nicely.

Good bone and substance were noticeable on legs. Briskets were a little shallow in a few, but for the most part sufficient.

Dogs moved confidently. Toplines were good, but tails were thin on many. Important to breed tails with more substance at the base. Once lost it is hard to breed them back.

Heads were lovely in puppies. Nice clean cheeks. Good substance on muzzles and bites were nice with big teeth. Parallel planes could have been better on some.

All the dogs were confident and interested in everything around them. I loved seeing this!

My Best in Sweepstakes was a very confident dog in beautiful condition. Coat was outstanding! His head was very nice, and expression was piercing under the brow. I would take him home. He had the whole picture!

The Best of Opposite was a lovely, cobby bitch that had wonderful bone, good substance and was well muscled. She was proper size, had nice head planes and nice hard coat.

Again, thank you for having me, I enjoyed every minute.

Respectfully,  
Janet Parcel

**Sue Johnson New Member in Waiting (to be voted in at next meeting on 8-15)**

My name is Sue Johnson. I live 50 miles northeast of Madison Wisconsin in the Village of Kingston. Norm and I have two Scottish Terriers; Gus age 8 and Emma at 20 months. Both dogs came from Janet Bartholomew in Reeds, Missouri at Hillview Kennels. Gus is our third Scottie and Emma our fourth.

Emma and Gus share a grandfather. Emma is also a companion Scottie. I call her my bridge dog since I don't know how many years Gus will be with us and Emma is my last puppy. She has worn me down at times.

Norm and I are busy retirees dividing our time between our home in Kingston and our camper in Hancock Wisconsin about 50 miles north of us. The dogs join us for many of our adventures.

Emma on left in pink is 20 months. Gus on right in red check is 8 yrs.

First time at the club, this superstar Sue Johnson won the quilt in a raffle

## Recipes to Win your Dog's Heart

### Peanut Butter/Pumpkin Dog Treat

Source from <https://damndelicious.net/homemade-peanut-butter-dog-treats/>

#### INGREDIENCE:

2/3 cup pumpkin puree

1/4 cup peanut butter

2 large eggs

2 1/2 – 3 cups whole wheat flour

#### DIRECTIONS:

Preheat oven to 350 degrees F. Line a baking sheet with parchment paper or a silicone baking mat; set aside.

In the bowl of an electric mixer fitted with the paddle attachment, beat pumpkin puree, peanut butter and eggs on medium-high until well combined, about 1-2 minutes. Gradually add 2 1/2 cups flour at low speed, beating just until incorporated. Add an additional 1/4 cup flour at a time just until the dough is no longer sticky.

Working on a lightly floured surface, knead the dough 3-4 times until it comes together. Using a rolling pin, roll the dough to 1/4-inch thickness. Using cookie cutters, cut out desired shapes and place onto the prepared baking sheet.

Place into oven and bake until the edges are golden brown, about 20-25 minutes.\*

Let cool completely.

#### NOTES:

\*Baking time will vary depending on the size and thickness of the treats. Serving size will also vary depending on the desired shapes and cookie cutters used.

### **FUTURE MEETING and EVENT DATES**

August 15, 2021 - Annual Luncheon / Awards and presentation (The "STCA/HTF DNA Bank -The Preservation of our Breed") at the Westwood Tavern, 1385 North Meacham Road, Schaumburg, IL

October 24, 2021 - Halloween Party  
Location TBD

December 5, 2021 - Christmas Party  
Location TBD

### **Diabetic Dog Treats from "All Recipes"**

If you have a diabetic dog then you know it is hard to find a treat that will do no harm. This is one of those treats. It is easy to fix, and even dogs without diabetes will enjoy them.

½ cup whole wheat flour  
2 eggs  
1 ½ pounds beef liver, cut into pieces

Preheat the oven to 350 degrees F (175 degrees C). Line a 10x15 inch jellyroll pan with parchment paper.

Directions

Place the liver into a food processor. Pulse until finely chopped. If you have room, add the flour and eggs, and process until smooth. Otherwise, transfer to a bowl, and stir in the flour and eggs using a wooden spoon. Spread evenly in the prepared pan.

Bake for 15 minutes in the preheated oven, or until the center is firm. Cool, and cut into squares using a pizza cutter. The treats will have a consistency similar to a sponge. Store in a sealed container in the refrigerator.

### *The Scottish Terrier Club of Chicago*

The Scottish Terrier Club of Chicago was founded in 1930 by T.E. Weible and Mrs. M.F. Hills. On September 17, 1979, we were formally incorporated as a Not For Profit in the State of Illinois.

Our club is the 2nd oldest Scottish Terrier club in the nation. (California being the oldest club.) It is interesting to note that in 1959 there were still only eleven regional clubs. However, today, STCC is proud to be one of twenty Scottish Terrier regional clubs recognized by the Scottish Terrier Club of America.

STCC held its first Specialty show in November, 1930. Today, our Specialty shows are held annually the third Saturday of June at the Lake County Fairgrounds in Grayslake, IL.

Across the years our club has changed leadership and direction, as has every regional club. The allure of the Scottish Terrier has decreased, and nationally there is a strong conversation as to how to rebuild the breed, and our clubs. At our height we had 80 members. Although our membership declined, our current initiative is to expand our clubs footprint, and we are reaching out full force to add new members and, thus new energy and ideas. Today we boast 57 members and counting.

Most of our tenured members have served this club in a leadership capacity - at least once. And, there is a strong knowledge base across our club, focused on our mission. Breeders, exhibitors, and those with companion Scotties have come together with determination to improve the lives and futures of our Scotties.

In recent years, successes have been made for our breed. A test is available for Cushings Syndrome through Dr. Zimmerman and UTenn. Studies at Purdue University have increased our knowledge of bladder cancer. A home collection kit, made possible by Dr. Breen, allows owners to send in urine samples for diagnosis.

If this is the first (or 100th) time reading *The Plaid Piper*, you may have a strong, personal interest in our breed you would like to share. If not already, please consider joining as a member of STCC. Thank you.
